20TH EUROPEAN KARATE OPEN WADO-RYU WIKF

YOUTH AND SPORTS PORTUGUESE SECRETARY

It is with much satisfaction that as State Secretary with the responsibility for youth and sports that I add my support to this great initiative organized by the International Wado Karate-do Association of Portugal, in the city of Braga.

I would like to warmly welcome all those who are involved in the 20th European Karate Cup of Wado-Ryu, the athletes and their trainers, the referees, leaders, family members, supporters and spectators that will come from various European countries.

I would like to compliment the association that is promoting this initiative: it is necessary to recognize that the AWIKP has shown, since 1996, the motivation, the dynamism and the technical competency necessary to stimulate and involve the athletes in this sport, and simultaneously, the capacity to organize large events, as was shown with the organization of the 5th World Wado-Ryu Karate championships of the WIKF, that took place in 2008 in Braga.

To all who have contributed in many diverse ways to make this event possible, I wish you every success!

JOÃO PAULO REBELO

20TH EUROPEAN KARATE OPEN WADO-RYU WIKF

BRAGA CITY MAYOR

In July of 2018 Braga will welcome the 20th European Karate Cup Wado-Ryu WIKF, an initiative that will bring to the city more than a thousand athletes representing 25 countries, making this one of the most important karate events of the year.

After staging the Wado-Ryu Karate World Championship of WIKF (Wado International Karate Federation) in 2008 and the University Karate World Championship in 2016, Braga will again be in the spotlight with this great sports event.

In the year that the city of Braga was chosen to be the European City of Sport, the 20th European Karate Cup Wado-Ryu comes to affirm Braga's potential to receive and organize world class competitions.

Sport has an ever increasing role of great importance in Braga's society due to the great number of sporting agents that take Braga's name to the highest levels, contributing to our being known as a "City of Champions". Thus, 2018 will be a defining year for Braga and an excellent opportunity to show Europe how dynamic we are in relation to sporting events.

I want to wish all the best to everyone that will compete in the 20th European Karate Cup Wado-Ryu with the certainty that this will be a memorable event for all enthusiasts and followers of this great sport.

CHAMPIONSHIP DATE

27th – 29th of JULY 2018

CITY OF THE EVENT – BRAGA

Braga is a Portuguese city with more than 2000 years of history, in constant development, growth and expansion. Situated in the north of Portugal, Braga is the capital of the district with an approximated area of 183,4 km², a global population of over 180.000 inhabitants and 137.000 inhabitants in its urban perimeter (3rd^a biggest

city of Portugal, just behind Lisbon and Porto), being the center of the region denominated by “Minho”, which has at the moment over one million inhabitants. It is a place full of culture and traditions, where history and religion live side by side, with a strong technological industry very connected to the University.

In 2012 it was distinguished as the European Youth Capital, and later in 2016 as Iberian-American Youth Capital. It will be now in 2018 the European City of Sports, and later in 2019 as the headquarters of the Atlantic-Axis Games.

Between the eighth and the tenth centuries, it was invaded by the Arabs, having been totally destroyed. In the eleventh century, it reappears in the “shadow” of the cathedral and the power of the archbishops, lords of Braga.

In the sixteenth century, a humanist, D. Diogo de Sousa, an authentic prince of the Renaissance, archbishop of Braga (1505 to 1532), undertakes the profound transformation of the old medieval city (with 24 streets and 800 houses), both in its urbanism and culture. It enriches the “Sé” (cathedral) with a majestic apse. He opens streets and squares inside and outside the walls of the city (Campo da Vinha, Carvalheiras, Hortas, Remédios). He was the founder of the “Hospital of Saint Mark”. He then filled Braga with fountains and sculptures. Teared down the

20TH EUROPEAN KARATE OPEN WADO-RYU WIKF

great avenue called “Campo de Sant'Ana”, now called the Central Avenue, but it is also in this time that the eminently religious characteristics of Braga are accentuated by the founding of innumerable monasteries, convents (S. Frutuoso, Remédios, São Paulo, Pópulo, Salvador, etc.), colleges, seminaries and confraternities. It is this evolution that strongly influences the mentality and the way of life of the inhabitants of Braga.

In the eighteenth century, the city is noticed by the style of architecture - the Baroque - that marks it deeply. At that time, one man appears to be the greatest genius of “Braga’s” art, André Soares. Among other works are the House of the Chamber, the Palace of Lightning and the Church of “Congregados”. At that time Braga centralized an important part of the commerce of the dominant rural area. From the nineteenth century onwards, a process of decharacterization and destruction of its historic center began. To this, on the one hand, the French invasions and the liberal struggles, which hit Braga hard with its immense number of robberies, looting and destruction; on the other hand, attempts to "modernize" the city, which led to the destruction of important monuments and the almost total disfigurement of the medieval and sixteenth century city. This destruction, which continues until today, contrasts with the development and with the increase of the importance of Braga, true heart of “Minho”.
